

SAVE SNOWBALL

HOW TO PLAY

Save Snowball is a cooperative puzzle adventure. Work together to solve puzzles, investigate locations, and follow clues to find Snowball.

Don't look at any cards before reading this manual.

One sunny morning before breakfast, you run outside to feed your pet rabbit, Snowball. As soon as you step foot in the garden, you see that something is wrong.

Her hutch is overturned, her cage has been damaged and she is gone.

Welcome

PLAYING TOGETHER

Follow these tips to help everyone enjoy the game:

Read cards with text out loud to everyone.

Place cards with pictures where everyone can see them.

SOLVING PUZZLES

Each puzzle solution is a 2-digit or 3-digit number which can be found on a card in the deck.

You may need to assemble the solution from multiple 1-digit numbers.

When you think you have a solution, search the deck for the number and reveal the card.

If you are correct, you will find a card with a green tick beside the number of the puzzle you came from. If the card is absent or does not have a green tick and the puzzle number, then it is incorrect.

Incorrect cards must be returned to the deck. Some cards may be used to solve more than 1 puzzle. When you solve a puzzle, discard text-only cards.

Card numbers beside a red x should also be discarded.

HINTS

All puzzles will have

Stuck? Clue on card:

with a number.

If you can't solve the puzzle, reveal the card with this number.

Puzzles will have multiple hint cards.

The last hint card will have "If you have come from a hint card, below is the solution". The number at the bottom of this card is the solution to the puzzle.

START PLAYING

Take Card 1 and read it.

Then follow the instructions to take Card 2, 3, 4 and 5.

GOOD LUCK
